1. This memorandum submits a recommendation for your approval. Such recommendation is contained in paragraph 6.

2. The attached references discuss the pros and cons of changing Agency policy with respect to Agency overseas living quarters. The objective of any change would be to correct abuses of our present policy which have been found by the Inspector General and at the same time continue to provide decent and comfortable but not ostentatious or luxurious living quarters for our overseas personnel.

3. As a result of my review of these references and my discussions with the Deputy Director and Inspector General, it is my understanding that we should make some change which would make it important for the employee to live within or close to his allowance while at the same time not penalizing him too heavily if he found himself <sup>unable</sup> to do so. It is the principle which I believe is of primary importance with the actual amounts to be paid by the employee and the Agency of secondary importance.
